JR. COLLEGE TO GET OK MONDAY

The Dimmer VIEW

By MAX GOODWIN

The Helix Irrigation District spared no detail in making the board members confortable when they moved to their new address.

Part of the comfort involved the purchase of a coffee maker and all the coffee fixin's, a considerable improvement over the arrangement in the old stand where they had to send out for coffee and donuts each Tuesday.

Last week when board members congregated to ply the trade of their elective offices, coffee was perking away in the new shiny pot.

Came coffee break time and the brew was served with considerable ceremony and flourish. Only trouble . . . nobody could drink it.

Combination of new pot, new water pipes, and possibly the quality of the product of their own making made the resultant

Parade-Naming Contest Ends Next Week

Only ten more days remain for some lucky youngster to win a $10 gift certificate by giving a name to next year's Swimming Pool Association Parade. Deadline is December 15.

To enter, youngster has only to write the name he suggests on the back of a postcard, together with his own name, address, name of the school he attends, and the date, and mail it to Swimming Pool Parade, P. O. Box 315, Lemon Grove.

The prize will be awarded in time to allow the winner to use his winnings for Christmas.

Mrs. Dorothy Louer, contest chairman for the Pool Association, said that the winning name will be used permanently and a theme will be developed around the name each year. This will permit floats to be designed and scheduled for an annual event in Lemon Grove she said.

Mimeograph instructions will also be distributed at each of the local schools she said.

Judges are to be Dr. Robert Burns, Frank Doolin, Mrs. Robert Swenson and Mrs. Lois Burnworth. They are officials of the Pool Association. Winners will be announced in this newspaper.

$$$$$$ — Bags, representing $500 in silver dollars to be given away by the Lemon Grove Boosters Club to some Lucky Lemon Grove shoppers, are held jointly by local members.
Merchant members of the group are giving "Bag of Silver" coupons to all shoppers. Winner will be announced December 23 at a pubic door prize drawing in the Plaza.
Left to right in the foto are: Jim Spears, immediate past chairman of the group, Sharon Mueller, a Lemon Grove beauty, George Eminger, butcher at the Broadway Market and Mel Hammerstein, operator of the market.
New officers were elected by the Boosters last week. They are: L. Brouillard, chairman; Jerry Mather, vice chairman; Earl Nelson, secretary, and Barbara Howell, treasurer. Local persons desiring information concerning the group's activities may contact any of the above named members, or this newspaper.

UTILITIES APPLY FOR RATE INCREASES

The San Diego Gas and Electric Co., has asked the state Public Utilities Commission to grant an increase of 2.26 cents per 1,000 cubic feet of gas to offset charges the utility firm will have to pay for its fuel after January 1.

In a separate action, the Pacific Telephone and Telegraph Co. filed an application for an increase in basic rates to be added to an application already on file. The new application is to offset higher wage costs. The original application would not have increased basic rates. Most employes were given a wage increase during the past five weeks.

Seeking to keep its rate of return at 6.9 per cent, the company asked for monthly increases for residence customers which would be five cents on four party suburban.

'HIT' RUN HORSE VICTIMS OK

Two Lemon Grove residents were said to be "OK" following a jostling they received by a run away horse during the Mother Goose Parade in El Cajon.

El Cajon police, however, filed a misdemeanor complaint against two El Cajon men last week as a result of the run-away horse incident which injured eleven persons and scattered spectators and several marching groups in the parade.

Owner of the horse and owner of the stables where the horse was kept were charged by El Cajon police under the State Agricultural Code which makes it a misdemeanor to allow a horse to stray on a public highway.

The men are Robert C. Bradley, of 3642 Bancroft Street, San Diego and Leroy J. Bertschman of El Cajon, said to be owner of the horse. Arraignment is scheduled December 11 in El Cajon Municipal Court.

Involved in the incident from Lemon Grove were: James B. Stevens 45, of 7269 Circle Drive who is a production planner for Convair, and Vernal Wilkinson 10, 2341 Edgerton Drive. Both have recovered from minor injuries.

Stevens said he had a spinal disc operation a couple of years previously and feared, for a time, that re-injury might have occured. His spine was originally injured in football.

The Wilkinson youth suffered a blow on the head by the horse's hoof. His mother said that no permanent injury was indicated presently.

EARLY MORNING CONELRAD TESTS PLANNED

A Conelrad emergency broadcasting test will be held in this area Monday, from 1 to 1:30 a. m., Roy Butler, San Diego Assistant Civil Defense Director announced.

Citizens who wish to see how well they would receive emergency Civil Defense information in case of an enemy bombing attack should tune their home or car radios to either 640 or 1240.

Individual householders or motorists who listen to the test are urged to write the results to any of their local radio stations.

Local radio stations participating in the test are KGB, KCBQ, KFMB, KFSD, KSDO and KSON.

The Grossmont High School District, of which Spring Valley and Lemon Grove are a part (present tax rate 1.70) will also become a junior college district.

This was indicated last week following a series of meetings sponsored by the Grossmont High School District administration and its governing board.

The junior college would be built on an 82 acre plot east of El Cajon which is being reserved for the purpose. The site was originally planned for a high school.

First step toward formation of a district will be an election which the Grossmont High School governing board indicated it would call late in January, or early in February. No waiting period is required since no bond issue will be involved.

The Grossmont board would also be the governing board of the new junior college district, and Lewis Smith, superintendent of the Grossmont district would be superintendent of the new district also.

Agreement on election date will be decided at the board meeting to be held next Monday.

Grossmont officials say actual formation can be acomplished by July 1, 1958 if an successful election is held by February 1. Later than that it will be July 1, 1959, before it can be formed.

Smith said that the Adult Education program would not be reduced. Actually, persons in this category would be able to pick up college credits as well as high

Town's Xmas Lights May Be Up Monday

The merchant's sponsored street decorating project is waiting for the county planning department clearance to the installation firm, it was announced this week by Col. Bob Pulliam, chairman of the decorating committee.

Pulliam said that Hunt and Johnson, the firm which had installed decorations previously was not able to get permission from telephone and electric firms to use their poles to hang the across-the-road decorative strings. They will be hung from buildings and specially erected poles.

Pulliam said this problem does not exist in most other communities because the town itself owns street-lighting standards and the decorative strings are strung from these standards.

Hunt and Johnson said they should have the strings up by the first of the week.

Lemon Grove 'Mud Hole' Paved

Shoulder construction on east Broadway between the existing road and the parking strip was completed last week by the district office of the County Road Department.

Approximately 2,000 square yards of blacktop was used to cover what was the infamous Lemon Grove "water-way". It was also the Lemon Grove "dust-bowl" during the dry season.

Ed Singer, district superintendent of the road department said his crews paved 1/8 of a mile on the south side of Broadway, 1/16 on the north.

Paving was paid for by prepperty owners along the improved area. Request to pave a strip east of Kempf on the north side of Broadway was rejected and $310 paid in by property owners was refunded.

MADE IT! — This is what Mrs. Frank Armstrong, right, reported to Mrs. Kenton C. Lint, United Fund geographic campaign chairman. As area chairman, Mrs. Armstrong reported the Lemon Grove drive was the first to go over the top. Grove quota was $2,303.00.

Lemon Grove's United Fund contributions totaled $2,312.52 for 104% of the community's quota it was announced officially this week.

While local workers were resting on their laurels, U. F. campaigners kicked off the second half of their countywide drive at noon Monday with a salute by church bells, ships' whistles, roaring lions in the Zoo and San Diego's regulary scheduled practice air raid alarm.

All this signalized the most important moment reached in San Diego's new once-a-year United Fund drive, according to Art West, Heartland area campaign chairman.

The drive, he said, has raised half the money needed to provide operating funds for nearly 100 health, welfare and guidance services.

These now include the Red Cross, Multiple Sclerosis, Cystic Fibrosis, Epilepsy, Myasthenia Gravis and Cerebral Palcy and more than 60 Red Feather services through all nine of the county's Community Chests, West explained. Not included are

HELPED IT — Here is the check that put Lemon Grove's United Fund Drive over the top. It was issued by the Lemon Grove Kiwanis Club when local chairman said less than $25 was needed to make the quota. Club's president quickly rose to the need, issued the check after a hurried board meeting. Some of the board members giving the nod to the "extra" contribution are Dr. Si Brumbaugh, president; Freeborn Cressy, vice-president-elect and Thad Butts, president-elect.

GROVE MAN DEMANDS $21,000 FROM WATER WORKS

The Board of Directors of the Helix Irrigation District last week received a Notice of Claim in the amount of $21,865.00 from Roy E. Nielsen of Lemon Grove. The claim was based on damages allegedly suffered by Mr. Nielsen as a result of the construction of the district's 4,000,000 gallon storage tank near Costa Bella Place and Olive Street in Lemon Grove, adjacent Nielsen's home.

Kenneth Barwick, representing Nielsen, said that of the amount, nation" of property damage, $3,000 for personal injury and $2,000 for damages resulting from the nuisance created by the sand-blasting and dust. This includes the cost of a sprinkler system erected by Nielsen in an attempt to dampen out some of the blowing sand and dust, Barwick said.

Inverse condemnation, Barwick said, is when a property owner brings suit against an agency of government asking for a court determination of damages. Ordinarily such a suit or settlement is instituted by the agency.

Barwick also said a Notice of Claim must be filed prior to instituting suit.

OPEN HOUSE

HID will hold open house at its new office building on Saturday, from 2 to 5 p. m. The building is located at 8111 University Avenue in La Mesa (corner of University and Date Street.) The new office is twice the size of the previous District headquarters.

Staff members will conduct tours of the $162,000 building to explain the new facilities and refreshments will be served in the Board of Director's room after the tour.

Auto Vandalism Reported In Brookside

Automobile vandalism has been reported to the Sheriff's office by residents of the Brookside area. Owners of autos have reported fender mirrors and radio antennas broken during the late hours.

Sheriff's deputies said they would make several patrol trips through the area.

Holiday Hours To Start At Grove P.O.

Christmas mailing special hours will be observed by the Lemon Grove Postoffice beginning Saturday.

Sparked by a newly paved parking apron, the office will be open from 8 a. m. to 6 p. m. daily except Sunday, until Christmas week.

According to Postmaster Frenchy Faucher, the access driveway alongside Dial Pharmacy may be used to get to the rear parking area. There is a mailbox on the back stoop which is collected hourly during the rush season.

Faucher said that Parker's Ladies Wear said postal patrons may use their rear parking area and the walkway alongside the store to get to the post ofice.

MUST GUARANTEE SEWER JOB IN 45 DAYS SAY SUPERVISORS

The County Board of Supervisors last Friday morning granted a five day extension on a ten day notice to Theodore Gregory, of Laguna Beach, to terminate his contract on the Spring Valley sewage treatment plant in South Spring Valley. Mr. Gregory was represented by his attorney John W. Knowles.

The extension was granted for the purpose of making satisfactory arrangements whereby Gregory would guarantee to complete the work in 45 days. Attorney Knowles said that the bonding company would go along with the idea.

Following the first notice by the Board of Supervisors that Gregory terminate the $292,000 treatment plant job, Knowles appeared before the board last Wednesday evening asking for an extension.

It was the contention of the Board of Supervisors and officials of the County Public Works, that Gregory had not put enough men on the job to complete it. The treatment plant was to have been completed by October 1. It has been costing Gregory $25 a day every day over the time of the contract.

Jean Vincenz, Public Works director, said at the hearing he was of the opinion that there is between $50,000 and $60,000 work still to be done.

Mrs. T. G. Haaf, Local Clubwoman Passes at 56

Theresa O. Haaf, 56, 7825 Palm Avenue, a well-known Lemon Grove club woman, died Saturday. She had been convalescing for the past few months at the Sunland Convalescent Home on 54th Street.

Mrs. Haff was twice president of the Lemon Grove Woman's Club. She presided in 1948 and 1950 and was the former treasurer of the County Federation of Woman's Clubs.

She was a member of the Daughters of the Nile and a member of the Scottish Rite Women's Club.

In Lemon Grove she was one of the spearheaders of the effort by which the Lemon Grove Youth Center was built. In 1950, while her husband was president of the local Chember of Commerce, Mrs. Haaf provided luncheons for the volunteer workers who built the Center.

She was a member of the First Church of Christ, Scientist, La Mesa.

Services were held Tuesday at Cypress View Mortuary followed by cremation and enurnment at Cypress View Mausoleum.

Mrs. Haaf, who was nicknamed "Trixie", was born in Nebraska and moved to Lemon Grove with her husband 13 years ago. In addition to her husband, Theodore G., survivors include two sisters: Mrs. Judith Davies, of Colorado Springs, Colorado; Mrs. Vera Cooperman, of Ft. Collins, Colorado, and Mrs. Haaf's mother, Mrs. L. L. Goodridge, also of Colorado Springs.

The family requests that flowers be omitted and a contribution to me made to the Sunland Home instead.

Square Dance News . . .

HUFF 'N' PUFFERS

Frank Dyson was club caller when the Huff'N' Puffers held their regular dance in the Spring Valley Chamber of Commerce Hall. He was assisted by guest callers Al Rider and Faye Miller. Hosts and hostesses were the board members.

Theme of the decorations was "Thanksgiving" which fitted in well with the dinner and party, in conjunction with the dance.

New members introduced were John and Elenor Petrey. The guest list included Joe and Lorene Eaton, Wayne and Thelma Kendall, and the "Couple of the Month" Maribel Graves and George Gordon from the "Boots and Bonnets."

A Circle Eight Christmas potluck will be held December 13.

Harley Smith, well known caller, will be making an appearance at Circle Eight next March. A limited number of tickets will be available after the first of the year.

The most popular baby of the year is Jimmy, new son of Wilbur and Dorothy Coon of 10404 Don Pico Road, Spring Valley. 100 Promenaders recently showered Jimmy with gifts at a baby shower given by Rhoda Dyson, Wanda Bemis, and June Payne, members of the club. The parents were among the first members of the Promenader Club, who just celebrated their 8th anniversary in October.

Members and friends will be talking about the Thanksgiving dance for a long time as everyone turned out to make it one of the most enjoyable of the year. With the Holiday season just beginning we want to welcome all square dancers to dance with us every Wednesday night at 8:00 at the Chamber of Commerce Hall in Spring Valley. Every fourth Wednesday night is party night.

PAPAS AND LITTLE LEAGUERS TO MARCH FOR HOME FUNDS

Lemon Grove residents will have an opportunity to help OK the Little League Baseball Program December 11 and 12, when the local Little League players and their fathers will make the rounds of all their neighbors selling the official Little League emblems.

This will be the only time when the general public will be asked to contribute to the Lemon Grove Little League officers said.

Carmen Ursillo, local president, stated that unless the people of Lemon Grove get behind this all-out drive and buy these emblems the new Little League baseball field which is planned, will never become a reality and the local league will be without a home in the 1958 season.

The boys and their fathers will begin their house to house drive in the evenings on both days and will stop only at houses with porch lights on.

Lemon Grove Little League boys to have every local automobile displaying a Little League emblem.

The local civic organizations have announced they are behind this drive and ask the people of the area aid this drive as such as possible Ursillo said.

S. D. XMAS TREES NOW BEING GROWN

Christmas trees, grown locally in San Diego County, are now a reality announces Seward Besemer, University of California Farm Advisor.

About 300 trees are ready for harvesting and sale at the plantation owned and operated by Mr. Fred Farmer at Wynola, a few miles west of Julian. The plantation growing of Christmas trees is a new farm business in that area.

The Monterey Pine has proven to be a well-adapted species and makes an attractive Christmas tree. Other species that show promise are Incense Cedar, Arizona Cypress, Sierra Redwood, Douglas Fir, Knob-cone Pine and California White Fir. Some White Fir and Coulter Pine in natural stands are also harvested from the Julian area.

Information about Christmas tree growing can be obtained from the Farm Advisor's Office, Bldg. 1, 4005 Rosecrans Street, San Diego 10.

Law On Driving Lights Important

All drivers are reminded that the use of car lights at night are important.

"Using parking lights as driving lights and failure to use the proper headlight beam when following, passing, or meeting another vehicle on the highway are two hazardous and illegal practices," declared Patrol Commissioner B. R. Caldwell.

"The law requires you to use the lower beam when approaching an oncoming car within 500 feet or when following another car within 200 feet," he continued. The law also makes it illegal to use the parking lights as driving lights anytime upon a highway except when such lights are being used as turn signals in accordance with the vehicle code.

SERMON DENOUNCES ANCIENT AND MODERN NECROMANCY

The Lesson-Sermon in the Christian Science churches on Sunday contrasts strongly the difference between spiritual healing and spiritual mindedness and all forms of suggestion or hypnotism. The subject of the Lesson Sermon is "Ancient and Modern Necromancy, alias Mesmerism and Hypotnism, Denounced."

The Apostle Luke records that Jesus once healed a man of dumbness. Some who witnessed the healing said, "He casteth out devils through Beelzebub." In refutation Jesus reasoned, "Every kingdom divided against itself is brought to desolation . . . If Satan also be divided against himself, how shall his kingdom stand? . . . But if I with the finger of God cast out devils, no doubt the kingdom of God is come upon you" (11:15, 17, 18, 20).

Future Teachers' Group Formed At Mount Miguel High School

Mt. Miguel students who plan to become teachers someday have formed a new club to the school's growing list of organizations, a branch of the "Future Teachers' Association".

A name for the Mount Miguel Chapter will be chosen by the members at a later date.

The sponsor of this new organization is Mr. J. Richard Brown, a history and English teacher. "I am anxious to develop a strong unit here," announces Mr. Brown.

Who knows—some of this year's members may be teachers at Mount Miguel in five years.

MARINE PRIVATE WALLACE COMPLETES TRAINING

Camp Pendleton, Calif. (Spcl.) — Marine Nathan M. Wallace, son of Mr. and Mrs. D. D. Sounders of 1505 Madera, Lemon Grove, completed four weeks of individual combat training Nov. 15 at the Marine Corps Base, Camp Pendleton, Calif.

The course included the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

Trainees learn that all Marines are basically infantrymen, whether they serve as cooks, typists, truck drivers, or with aviation units.

Antioch College Places Students All Over Nation

Dr. Samuel Gould, president of Antioch College, Yellow Springs, Ohio, spoke to counselors of the Grossmont Union High School District recently. He acquainted the counseling staff with the aims and operation of his liberal arts college of 1100 students. Antioch College has a pattern of instruction different from that of other colleges. After the freshman year, a student spends first 12 weeks in class and then 12 weeks out in the community, at work. The program is not local but places students all over the United States. There are 35 Antioch students at work now in California.

The primary object of the work is not to finance the students college education, but to develop civic responsibility. The course takes 5 years, though it can be done in 4 with attendance at summer school.

On December 23, 1941, fighter aircraft were put into use as bombers for the first time, and Marine aviators sunk their first enemy warship in World War II, off Wake Island.

GROVE MAN HEADS AFR RECRUITMENT DRIVE

Operation Build-up, a campaign to recruit non-affiliated airmen into the Air Force Reserve be held in this area.

Staff Sergeant Jack B. Lange, 3568 Main Street, Lemon Grove, will head a recruiting unit to call on non-affiliated airmen and explain the program's provision for training with pay, promotion, and retention in the service.

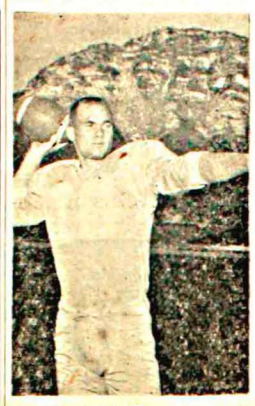
"Vacancies are open at both the San Diego Air Reserve Center and the Long Beach Air Reserve Flying Center," he said. S-Sgt. Lange said that information may be obtained by calling ACademy 2-1109.

Dunn Rated 'Star' At Bringham Young U.

Provo, Utah (Spcl.)—A former Helix High School star, Gary Dunn, 1707 Skyline Dr. scored two touchdowns last week for the Brigham Young University frosh to lead a 42-0 rout of the University of Utah Papooses.

Playing at quarterback, Dunn sparked the BYU attack to help win the mythical frosh championship of the state of Utah for the second year in a row. Earlier Dunn led the BYU "Gatos" to a 46-7 victory over Utah State University.

Early in the third quarter Dunn scored on a spectacular 18-yard run around his own right end after shifting into a single wing. The big quarterback added the final Gato score in the final minutes of the game when he plunged off his right guard and carried three tacklers with him from the ten-yard line to fall into the end zone.



LEADS TEAM—Gary Dunn, of Lemon Grove, former Helix High grid star, is leading the BYU frosh team to a championship season. Dunn is rated one of the best backfield prospects in Bingham Young history.

His poise, and power greatly impressed observers at the game, which was postponed from last week and because of snow, Dunn is being touted as one of the best quarterback prospects in the history of Brigham Young.

Dunn is big for a quarterback. He stands 6'1" and weighs 192 pounds, which gives him great power for quarterback rushes and from the tailback spot of the multiple offense. He was chosen player of the year in the Metro League while in high school here.

From Lemon Grove, Dunn is playing under football reign of head coach Hal Kopp, who came from Rhode Island University two years ago to rebuild Brigham Young into a football power. Since then his freshmen teams have lost only one game.

Three other players from the San Diego area were instrumental in the Gatos Tuesday victory.

'CEREMONY OF CAROLS' TO BE FRATERNITY PROGRAM

Sigma Alpha Iota, national music fraternity, will present the Benjamin Britton "Ceremony of Carols" at their annual Christmas vespers on December 15, at 4:30 in the music auditorium at San Diego State College.

Members from both the college and alumnae chapters will participate. Soloists are Ruth Darrah, Relene Keller, Betty Rigsby, Mary L. Ross and Gerry Schmidt. Director is Alice Culley.

The vespers will be open to the public. There will be a free will offering.

Dave Barrus at guard and Dick Magoffin at center, both in El Cajon, are regular starters on the team. John Shacklett of La Mesa also was a standout on the line that several times held Utah from completing a scoring threat within the five-yard line.

Hurricanes contain many times the energy of a tornado, according to aerologists with the Navy's Hurricane Hunters. In fact, hurricanes have been known to contain tornadoes and water spouts in the outer edges of their structure.

Come and Save For Yourself

Lemon Grove (Calif.) REVIEW
December 5, 1957
2nd Section
Page I-A

The Dimmer View

(Continued)

fluid unpalatable, our spies inform us.

Congressman James Utt, member of the House of Representatives, was in our office Monday. He is taking a dim view of all the shirt-tearing that's going on in Washington right now regarding sputnik and the Russian threat.

Says Congressman Utt, "when I get back to work in Washington I am going to demand a reduction in income taxes. A tax cut would answer Russia in a language she can understand. A tax reduction will re-assure our allies that we are unafraid. It will, I am convinced, increase the government's tax income because we have reached the point of diminishing returns."

That guy Utt sounds like an editorial writer for this newspaper.

If my disposition appears sweeter these days it is because we have finally filled the mudholes along Broadway near the post office area.

Many of you know of the work and effort exerted to get the job done. Involved, before the paving was done by the County Road Department, were officials of various kinds of importance from Lemon Grove to Washington, D.C.

There's even some official U.S. Congress correspondence on it.

Post office officials from here to San Francisco were nudged. Their movement was almost imperceptible but they were moved. They were impelled to answer a letter from Congressman Jim Utt of this district on the subject. Governor Knight was not asked to get in on it but only because of preoccupation. I had my sights on other things with him. I was trying to get him to save our Justice Court, a matter in which I was eminently unsuccessful, having to bow to a superior political quarterbacking, some political razzle-dazzle and a couple of end runs.

We finally got the area in front of the post office paved several weeks ago but this was accomplished by exchanging by excivic amenities over a cup of coffee with Ed Singer, the district road superintendent.

He did it, with approbation from his superiors, as a public service, they finally having come to my way of thinking that there is no public-er a place in Lemon Grove than the post office parking apron.

All this is background to the paving of the rest of the county right-of-way strip. This was paid for by the property owners and the work was done by the county, though I can't see, for the life of me, why the county does not keep up its own property in these business areas.

Lordy knows we pay enough taxes.

However, several of us spent a lot of time collecting the money which was duly paid to the county. Dates were broken several times but last week the work was started on Tuesday and finished on Friday, Thanksgiving intervening.

On Monday Jim Utt was in my office in the interest of selling all and sundry that an income tax cut is possible without injuring our missile defense program. Out of the blue sky he said "You're going to get the rest of your Broadway paving job done tomorrow, Max."

I'll be dog-gone!

It was a rewarding announcement coming from a man representing so high an office. He had taken the trouble to keep himself informed on that little patch of road even while sputnik was being launched.

Jim said he had kept his eye on the Broadway patching job because he was intrigued by his knowledge of "how much energy and enthusiasm it often takes to get little jobs done."

Well, the job is done, most everybody who got their mud-hole paved seems happy, so I guess its time to cast a bleary eye along the narrow reaches of the rest of Broadway.

I met a group of local businessmen last week and heard them agree to underwrite the cost of a bag of silver dollars, 500 in all, plus some other prizes, which would be given to some lucky person who elected to shop at home. Coupons by which the winner will be named, will be distributed at most local shops.

We, of course, heartily indorse the shop-at-home philosophy and commend the persons who developed the promotion. It is in order to point out that a chance to get $500 isn't the only reason shopping is more rewarding in Lemon Grove.

Other reasons include:

1. No parking meters.
2. Avaliable parking space.
3. Your own friends and neighbors are in many instances the clerks or owners, making for a friendlier shopping atmosphere.
4. Prices low, or lower, than downtown,
5. Variety of shops, variety of merchandise.
6. No confusion of newly designated one-way streets.
7. No hustle-and-bustle, get in and get out attitude among the shopkeepers.
8. Part of the sales tax may be used locally (park property at Washington near Mt. Vernon was purchased with local sales tax money.)

Equally important, you'll be shopping among the people you see at church, P-TA meetings, club and organization meetings. That's a mighty satisfactory feeling, too.

the Heart Fund, Muscular Dystrophy Drive, Cancer Drive and Polio Fund. However, funds are earmarked for the fight against these diseases through the newly formed Health Foundation, West said.

West also said there are many businesses and homes that have not been contacted yet. All campaigns have been asked to redouble their efforts and complete their assignments by December 13.

Everybody must have a chance he stressed to join San Diego's new givers' organization for once-a-year giving.

Any person wishing to join the United Fund effort, but who has not yet been reached by a campaigner, can be sure that he is called on by telephoning United Fund Heartland headquarters, HO 3-2229, West added.

Meanwhile, the Countywide residential campaign, headed by Mrs. Kenton C. Lint, has raised $176,952 or 70.9 percent of its $249,482 base goal, according to latest report.

Frank Armstrong Re-Elected Head Of Youth Center

Frank Armstrong, local attorney was re-elected chairman of the Lemon Grove Youth Center Control Board Monday at the annual election meeting.

Other officers named were: Ray Boggs, vice chairman, Paul Reynolds, treasurer, and Mrs. Lee Nottingham, secretary. Mrs. Marie Howell was re-appointed publicity chairman.

The group announced that it had $200 in the treasury and agreed to spend $35 for 5 dozens of plastic coffee cups for the Center's tenants.

Chairman Armstrong read a report which was sent to the county Park and Beaches department which showed the average use of the Youth Building to be 1250 youths and adults per month. The county recently donated 5 tables and 30 chairs of use in the building.

The board also heard a plan set up by Lemon Grove Little League supporters by which the Youth Building would be moved to the recreation area being acquired by the League. Chtirman Armstrong said that as far as he knew, the county still plans to move it to the park area acquired by them near Washington and Mt. Vernon.

DOROTHY DIGS in the garden

By Dorothy Jonson

ROSES

I wish that every television and radio would give garden lovers one important December message . . . DON'T PRUNE YOUR ROSES IN DECEMBER!

For some reason, thousands of gardners make this mistake year after year. It is one of the erroneous practices that people cling to. Rose growers are definitely agreed all over the southwest . . . in fact, all over the country . . . that you should wait to do your pruning until the swelling of the buds becomes visible. By that time you have a greater selection of the best buds to retain in order to promote new growth and by that time there is little danger of your pruning operation being followed by a heavy frost.

So, if you see other people pruning their Roses in December, don't let that be any reason for you to fall in line and do the same. Watch your Roses and sometime around the 1st of February, they will tell you that they're ready to be pruned.

UTILITIES APPLY FOR RATE INCREASES

ban, and farmer line service, ten cents on all two party services, and 35 cents on one party lines. The increase on business services would be a flat 35 cents per month. Overall effect of the amendment would be to increase revenues by about $12,000,000.

Bill Parker, local manager for Pacific Telephone, commented on the effect of the amended application in Lemon Grove and Spring Valley.

"Many of our residence customers here would pay ten cents or less additional per month for their service. For example, a customer with a two-party flat rate line would pay $3.35 monthly instead of the present $3.25, not including tax."

The increase in gas rates, if granted by PUC would cost the average user about 15c per month based on a 6,000 cubic foot per month consumption.

H. G. Dillin, executive vice president of the firm said that another general increase in gas rates would be applied for before the end of the year.

PUC studied the original request for 2½ hours in Los Angeles last week and took the request under submission. No study has been made on the telephone firm's application.

JR. COLLEGE TO GET OK MONDAY

(Continued)

school credits as they are now able to do.

Superintendent Smith proposes, if the college district is formed that college will be conducted in the high school plants on an "extended day" operation.

Smith said the tax rate on an "extended day" program would be as little as 14 cents per $100 assessed valuation.

The formation election needs a simple majority for passage. A bond issue will be required when the junior college is built. That election requires a two-thirds majority. That election date will be decided upon later, if the formation election is successful.

District residents now pay 12 cents toward the operation of San Diego Junior College. Formation of the district would then cost 26 cents for Junior College. A bond issue for construction of be an additional 44 cents according to a report the state released following a study requested by Grossmont officials.

Grossmont District officials have been studying a junior college possibility for more than a year, The Citizen's Advisory Committee of the district first approved the formation.

Last week, at the meeting called by Grossmont to resolve the decision, thirty persons attended and twenty of them voted to call an election "immediately". Some of the ten "no" voters said they preferred to "educate" district voters before an election is called. This could not be done properly by the proposed January election date, they felt.

Three of these were elementary school board members from Lemon Grove. Headed by Frank Armstrong, board chairmen, they agreed that more time, and possibly wider boundaries with a broader taxing base should be considered.

Palmer Svalstad, Grossmont board member from Lemon Grove said that he favored the immediate formation of the district. He said that citizen's responsibility included making college available for those who wanted the additional education.

The district polled the visitors again, this time restricting the voters to representatives of elementary school districts. Of the six districts represented, one, Lemon Grove, voted "no". The negative vote was based on the same reasons as in the previous vote, Armstrong said.

Deadline Near For Military Dependents Identification Cards

SAN DIEGO (Spcl.) — Military dependents are reminded that the deadline for applications for the Uniformed Services Identification and Privilege card, DD Form 1173, is December 31. In general, information and forms are available from the activity holding the service member's service record.

The new DD Form 1173 is authorized for issue primarily to dependents of members of the Armed Forces on active duty or retired with pay, to eligible dependents who are survivors of deceased members of the Armed Forces or to agents acting on their behalf, and to former members of the Naval Reserve receiving compensation in a civilian status under Title 10, U. S. Code, sections 1331, 1337, and their dependents.

This new card replaces the old Military Dependent's Identification card's DD Forms 719 and 720, and the Dependent's Identification card for Medical Care, NavPers Form 1343, and all other identification or authorization cards now in use for this purpose.

Brietbard Foundation To Offer Press Award

San Diego County newspapers will compete in a new contest for awards at the annual Press Awards Banquet of the San Diego Chamber of Commerce.

Both a perpetual and permanent award each year will be given to the San Diego County newspaper judged to have been outstanding in their promotion of athletic programs.

The purpose of the award is to encourage newspaper interest in going beyond the reporting of athletic news and assuming responsibility for advancing or creating wholesome, worthwhile athletic programs that benefit the entire community in the fields of recreation, good health and civic development.

The awards are sponsored by the Breitbard Athletic Foundation and award winners shall be selected on the basis of 1957 entries, which will be judged early in May of next year. The annual Press Awards Banquet is conducted the latter part of May.

Hayworths Write, Take Lead In L.M. Play

A three act drama "The Silken Fist" will be presented December 8-9 at the La Mesa Dale Auditorium.

The play will begin at 8:30 p.m. and features the father-and-daughter team of Roland and Patricia Haworth. The Haworth's are co-authors of the psychological drama, with Miss Haworth starring as a benignly bitter, wheelchair-cripple while her father carries off a character portrayal as well as directing the premiere play.

The play is produced by the Playcraftsmen, advanced students of Haworth's Grossmont Adult Drama Group. They include Vern Baer, Betty Boni, Jim Wade, Herbert Scott, Barbara Arbuckle, Joan Worrell, and Mrs. Billie Haworth, wife and mother of the playwrights.

Tickets are available at the door both Friday and Saturday nights.

FARM PRICES DOWN, PROCESSING COSTS UP, REASON FOR HIGHER FOOD PRICES SAYS U of C

When an item hits you "right in the pocketbook" that's when we sit up and take notice. Food . . . that's one of the top items to hit us . . . the price that is.

The University of California Agriculture Extension asks, "Can you understand why retail prices of many food products continue to rise?"

Here is their answer:

Costs of processing and distributing food products have risen continually and account for most of the increase in prices of food in recent months.

Farm prices have dropped because of more than adequate supplies, but the rising costs of processing and distributing have offset the price decline at the farm level.

Since food is the largest item in budgets of most families, we are all concerned in this price trend. We associate high prices with short supplies—and low prices with an abundant supplies, therefore it is difficult for us to understand why retail prices of many foods rise while farm prices fall.

The answer is just as simple as this: as long as we are willing to buy more services . . . foods that are ready-to-cook or ready-to-eat; as long as we are willing to pay for various premiums, coupons and trading stamps, this trend of rising costs is apt to continue. Prices and costs may be reduced through either reducing services provided for us, or by cutting the cost involved in these services.

Almost half the total costs of processing, wholesaling and retailing foods goes into salaries and wages. These high wages make possible consumer incomes which boost demand for food with "built-in" services.

CHRISTMAS CARD PAGEANT TO BE P-TA PROGRAM

Miss Joan Wittrock's Grade 4 children will present a Christmas program entitled "A Christmas Card Pageant" at the next Palm Avenue P.T.A. regular meeting to be held December 12, at 7:30 p. m. in Room 6 Golden Avenue School. Mrs. Lois K. Richie's second and third combination room mothers will be hostesses.

President Mrs. Alf Holmberg will appoint committee members to assist Mrs. H. L. Graham, Honorary Life Membership Chairman in their selection of a worthy person in Lemon Grove to receive this honor. Any suggestions as to such a person may be given to this committee for consideration.

MASS FEEDING COURSE SET BY CD OFFICIALS

A class of approximately 50 people will complete a civil defense mass feeding course during a 6-hour session December 7 at Gillespie Field, Santee, Walter L. Chandler, San Diego County Civil Defense Training officer said.

MRS. WIHS BECOMES GRANDMOTHER AGAIN

There's a new grand-daughter at 3808 Riviera. Youngster is Marilyn Arabella Bradley, granddaughter of Mrs. Arabella Virginia Wihs.

She has two other grandchildren at the same address and by the same parents. They are Charles, age 6, and James Edward Bradley "Jebbie", age 5.

Marilyn was born November 16 at Grossmont Hospital. She weighed 7 lbs. 5 ozs.

In matters such as this, grandmother avers, it isn't too important, but just for the record, Charley and Virginia Bradley are the child's parents. Virginia is grandmother's daughter. Virginia's husband is a chief commissary officer at Naval Air Station.

SECOND GRADERS—Mrs. Higgins' second grade class at San Miguel School had a special program set up for American Education Week as did all the other classes in all the other local schools recently. This clas discussed, in open forum style, such functional things at the production and use of silk, wool and cotton. Students took part in the discussion to the extent of their knowledge . . . and their knowledge was considerable. American Education Week is an annual event to give parents, taxpayers and interested persons a chance to see first-hand, the educational processes of the nation's schools.

Miguel Band Places In L.B. Competition

By Mrs. Jack Norr

At their first competitive event, in Long Beach, November 30, Mt. Miguel took third place in the B division, which was comprised of 11 bands. Jeanette Lowe, twirling baton majorette, placed third against all divisions, which is an excellent record to bring back to our area. Next Saturday, the band will enter competition again, with their presentation of a half time show at the Corona Band Jamboree.

There will be a rummage sale, Friday, at the Youth Center in Lemon Grove. Proceeds of this event will be given to the Choir Parents to help toward th purchase of choir robes. The choir students are still selling chocolate bars, to help defray the expense of the robes.

At the last regular meeting of the Music Parents, it was announced that the Lemon Grove Women's Business Association donated the cost of a uniform. Donations were also received from Lane's Mens Wear and Lowe's Toggery. The Music Parents wish to acknowledge these gifts with thanks.

A dinner will be given for the at Mt. Miguel Cafetorium. The students will be the guests of the Band Parents, and there will be entertainment and informal dancing. Mrs. M. Thornburgh is chairman of this event.

LETTERS TO THE EDITOR

Dear Editor:

In a recent issue of your newspaper you quote Robley Baskerville as saying that old people must look to "stocks" (securities) for security in their old age, but when I read about the tremendous losses that people are suffering from the recent clump in the value of stocks it looks like it might be the quickest way to lose your money.

In your "Dimmer View" column which I enjoy whether I agree or not, you seem to praise the "pay as you go" television idea but it seems to me like a step backward toward the old condition under which a few high income people enjoyed all the good things of life while the low income majority had to be satisfied with the crumbs that fell from the rich man's table.

B. Garrett
6905 Central Avenue
Lemon Grove

Reader Garrett is right about securities, wrong about pay television. Money, they tell me, can be lost as well as made, fast, in the stock market. Payteevee did not earn an expression from us. We tried to show how the current type in Clairemont is supposed to work. Personally, I'm against it. Teevee unfailingly puts me to sleep. Why should I pay money to sleep in front of a teevee set?

TOYS FROM EUROPE — It took only a few days for word to leak out to the Santa Claus set that Mrs. Harold Tomer, who runs the Lemon Grove Toyland, was back from Europe with a veritable boat-load of the choicest continental playthings. Among the first to respond were Doug, Stevie and Timothy, all sons of Mr. and Mrs. Ken Tresser, of 9253 Brookside Court; Le Ann and Randy, daughter and son of Mr. and Mrs. Bert Betts, of 8145 Palm Avenue; Nancy Walter, daughter of Mr. and Mrs. Jerry Walter, of 2984 Buena Vista Avenue, and Garry Heidick, son of Mr. and Mrs. Skip Heidick, of 2612 Nida Place. Mrs. Tomer, returned from her European buying trip early last month, said she had established direct factory connections in Germany, Switzerland, France, Belgium and Italy. — Tappy Foto

Square Dance News . . .

GADABOUTS

Seventeen Gadabouts made a trip to San Bernardino to dance with the Dudes n' Dolls. Then they held an election of officers and made Bill Keller, Jr., president. Other officers include Judy Nicodemus, vice president; Paul Mitchell, secretary; Jimmy Devin, Junior Representative; Helen Sailors, Adult Representative, and Donna Bell and Mike Lovely, board members.

Family night with a potluck supper will be held by the Gadabouts Monday. Additional information available by calling HO 6-1449 or HO 9-7254. Dances are held in the Lemon Grove Youth Center.

LEMON EIGHTERS

The music was lively and the tempo quick at the Lemon 8'ers Annual Thanksgiving Dance. Many Heartland Clubs were represented among the nine squares of dancers who had come to dance. There were dancers from the Circle 8, the Double Bow Knots, Silver Spurs, Jewel Squares and Frontier Squares. We averaged almost a caller per square with guest callers Al Schaeffer, Roy Close, Ed Berryman, Bill Keller and Bil Lewis on hand along with our own Stan Bryan Janey and Lynda to keep things moving.

The Lemon Eighters will be dancing on Monday evenings, 7:30 until 10, from now on, with a workshop for the first hour. Visitors are welcome. Child care provided. Dances are held at Friendship Hall Church and Main, Monday nights, with party night every fourth Monday.

American Legion Plans Study Of National Aid Laws

A nation-wide study of residence laws governing the length of time new arrivals must live in a community before they become eligible for local public aid in case of need, is planned by the American Legion and Auxiliary, according to Mrs. Glen Parks, Auxiliary Child Welfare chairman.

Because so many families are moving so frequently, revision of residence laws may be necessary to give adequate protection to families which may become destitute in a strange community, Mrs. Parks explained.

"Five million Americans, move from one state to another every year," Mrs. Parks said. "If they encounter economic troubles in a new state they may not be eligible for aid with resulting hardships for children. A nation-wide study is needed to show exactly what the situation is and to indicate any revisions needed to meet the realities of our shifting population."

Matadors Split In Hoop Competition

By Jerry Wingo

Last Friday and Saturday nights, the Mt. Miguel Matadors took part in a besket ball doubleheader, going against St. Augustine and Crawford, at the Crawford gym.

The first game was a runaway as the St. Augustine Saints poured it on, 58-37. Tom Shaules and Sam Owens were the big runs for the Saints as they poured in 22 and 21 points respectively.

The following night the Bullfighters sneaked past the Crawford Colts, 53-49. Darrell Rathje was the cannon for Coach Ridgwar's group, as he racked up a total of 26 points.

Jacobsen with 13 and Dubbs with 21 were high for the Crawford squad.

NEW TEXTILES MAY CAUSE BUYING CONFUSION SAYS HOME ADVISOR

A Christmas shopper in a women's ready-to-wear department will be more confused than usual this year because of all the new textiles used in wearing apparel, says Mrs. Delphine D. Wilson, Home Advisor, University of California Agricultural Extension Service.

Some simple buying guides, according to Mrs. Wilson are:

1. Read the label on the article and follow the instructions given.

2. Blended fabrics may be excellent buys. Some of the excellent proportions are: 80% acrylic and 20% wool or rayon; 70% dacron and 30% wool or rayon; 65% dacron and 35% cotton; 60% nylon and 40% acetate or rayon.

The man-made fibers have good wearing qualities if handled correctly. Know whether the material should be dry-cleaned or washed before buying.

4. There are four natural fibers: cotton, linen, silk and wool.

5. There are many man-made fibers. Some well known ones are: rayon, acetate, arnel, nylon, orlon, acrilon, dynel and dacron.

More Band Uniforms To Be Bought By Music Parents

At the December meeting of the Lemon Grove Junior High School Music Parent's Club, it was voted to purchase new uniforms for the band. The Music Parent's band uniform fund will finance part of the cost. A surprise announcement came during the meeting, saying that the Kiwanis Club had donated fifty dollars toward this project and would underwrite part of the balance.

The "McMarrow Family String Quintet" very pleasantly entertained the Parent's Club playing traditional Christmas Carols.

The USS Swordfish sank a Japanese merchant ship Dec. 15, 1941, to become the first U. S. submarine to sink an enemy warship.
